Dear Homeschooling Community,

James Nickel and his family arrived in Wenatchee this past July. We are pleased to have them in our valley and excited about the contributions he will make to Christian education in our community. This year Mr. Nickel will be offering four Math classes and one Biblical Worldview class. I have included information on the scheduling & location of classes, entrance exams, fees, registration and parent meetings.

### **Schedule**

We have set the schedule for James Nickel's classes to be held in the Wenatchee/Leavenworth area during the 2005-2006 school year. Classes begin the second full week of September (Sept. 12-16) and will run for 36 weeks. There will be no classes on November 23-25 or December 26-30. Each class will be 55 minutes in length.

### **Leavenworth Area:**

Location: James Nickel office, 217 Wetherald, Wenatchee, WA 98802

Note on picking the right level: Math courses Level 1, 2 and 5 require each student to pass an entrance exam.

### **Math Entrance Exams:**

Students need to take a math entrance exam for the course Level for which they are registering (with the exception of the new Level 0.5 Math Preparatory Class). Students who previously have taken the entrance exams and passed with a 70% score do not have to take another exam unless they desire to advance to

a higher level. Those who received a score of less than 70% need to retake the test for the level they are registering. The location and dates for these tests are:

- Wenatchee: Tuesday, August 23, 2005 at 10 a.m. at John and Virginia Thomas' home at 2058 Broad Crest Court. Call 665-9399 for directions.
