## **Homeschool Celebration "Under the Dome" Wednesday February 8, 2006**

The annual Homeschool Day at the Capitol Event is sponsored by the Christian Homeschool Network. The purpose of this annual event is twofold, to show our appreciation of the hard work of the legislature and show support for homeschooling.

This year is the first time the House of Representatives will introduce a "Homeschool Resolution" to honor the success of homeschooling.

You and your family will not want to miss this historical event. Take a break from your regular school day and join us in Olympia, to witness the passing of the "Homeschool Resolution," afterwards join us "Under the Dome" to hear from special speakers, and awards presentation. Later meet with your legislators, observe the legislature in session, tour the capitol, etc.

Plan to set aside some time to thank the hard-working men and women of the legislature. They enact laws that impact our families and our future. Homeschool laws can have a more direct effect on our families than any other legislation. It is important for us to share how much we value the freedom they have helped us to preserve.

Come to Olympia and let our voices be heard!

Space is limited. Please pre-register. <http://www.chnow.org/id85.html>

A special note from CHN: We are able to continue our work as a result of your gifts. It takes a large amount of financial resources to maintain a presence in Olympia each session, put together an annual newsletter, research and prepare reports, make thousands of copies, and maintain a website and a free e-alert system. Current needs for this year include your prayers for the upcoming legislative session, funds for materials to distribute to legislators, funds for improving our e-alert system, and funds to send a CHN representative to a national men's homeschool leaders conference in February.

We sincerely welcome your financial support, which is the lifeline God uses to allow us to exist. We do not have any financial grants, or other sources of income to provide for this work.

We pray that you will consider helping with this great mission. Your participation will help us preserve our homeschool freedoms today and for future generations.

Preserving homeschool freedoms for today and tomorrow.

P. S. We have also started a business called **Helping Hands Unlimited**, in which we clean house, do laundry, cook dinner, take care of kids, run errands, pet-sit, or yard work, just so those stay-at-home moms can get some extra help. We have weekly time slots still available. If you wanted to mention this also, I would appreciate it. The contact info is the same as above, and they should call to set up a consultation and estimate.
