

Valley Home Educators September 2008 Update # 2 Newsletter

Welcome Valley Home Educators!

The time has been set for the North Central Educational Service District orientation.

If you know anyone who is interested, please give them my email and ask that they put ESD in the Subject line. I can then make sure there is sufficient chairs and copies for everyone.

If past members would like to mail me their checks, I'd appreciate it. It can get hectic trying to gather checks, write information down and get on with the meeting.

Make checks out to NCESD. Mail them to me;

E. Fogle gardenfev@flymail.net

1413 Easthills Ter.

East Wenatchee 98802

The meeting will be Wed., Oct. 15th from 3 to 6 pm. There are no accommodations for small children so please make other arrangements. It will be held at the ESD building which is located at 430 Olds Station Road in Wenatchee. Their website has great directions. <http://www.ncesd.org/ncesd/site/default.asp>
The building is on the north end of Wenatchee, right by the entrance to Confluence Park.

If you miss the meeting, you may still become a member of ESD by paying the membership fee, however you will miss the instruction. Louise is very helpful and you may be able to set up an appointment time with her to go over this wonderful program.

Emilie

Tutor Available for Math and Science

Do you have a student that needs help in math or the sciences? Jerry White is a retired engineer with many years of experience in tutoring students in these subjects. He has worked with students from middle school through college. He strives to connect with the students on a personal level and to help them truly understand the subject material, not merely be able to answer the textbook questions. Jerry lives in Wenatchee and can be contacted either by phone (667-7922) or by email (jnswhite@nwi.net).
