

VALLEY HOME EDUCATORS MARCH 2009 NEWSLETTER UPDATE #1

MATH TUTOR AVAILABLE

My name is Mac Merchant, and I wanted to let you know I am available for tutoring students in math, grades 8-12. I charge \$20 an hour and have experience in tutoring high school students from public and home schooling, and also 4 years of experience tutoring at Wenatchee Valley College. Please call me if you are interested or have any questions. My number is 670-4033.

Washington Homeschool Organization

WHO Capitol Connections Day

The Washington Homeschool Organization invites you to join us for our next WHO Capitol Connections Day, an opportunity for homeschool families to tour the capitol buildings in Olympia and learn about the legislative system together.

This event will be held on Tuesday, March 17th. We will meet at 10:30 a.m. in the Legislative Building under the dome near the Washington Seal. We will have a brief time of introductions, outline some options for the day, and then embark on an informal tour together to see the capitol buildings. More formal and in-depth public tours will also be available throughout the day. Each family will have the opportunity to visit their district legislator's offices if they wish. To do so, please contact your legislator ahead of time to schedule an appointment (see <http://apps.leg.wa.gov/DistrictFinder/Default.aspx>). Our schedule is designed to be flexible and accommodate individual families' needs and interests.

Please RSVP your intentions to join us via email to

WHOContact@WashHomeschool.org

We look forward to seeing you there!

Washington Homeschool Organization, 425-251-0439

Households of Strength Seminar

Gregg Harris - Homeschool leader

Founder of Household of Faith Community Church www.hofcc.org

Father of Joshua Harris, author of "I Kissed Dating Goodbye"

The seminar presents a refreshingly practical strategy for making your home a quiet place

to live and serve together as a family.

Friday and Saturday, March 27 & 28
Eastmont Baptist Church, 400 S. Kentucky
East Wenatchee, WA

For more information and to register see

Volunteer Opportunity

Mobile Meals of Wenatchee is a nonprofit home meal delivery service in the greater Wenatchee/East Wenatchee area. Volunteers are needed one week day per month to deliver meals. This usually takes about 1 1/2 hours from 10:30 until about noon. Are you looking for a meaningful volunteer activity you can do with your children. Consider Mobile Meals. For more information check out the Mobile Meals Web site.

www.mobilemealsowenatchee.org or call 665-6254.

(I, Sandy Briggs, have volunteered with Mobile Meals for many years. When my kids were little they rode along and helped deliver the meals to the door, when they were learning to drive, they drove and I rode along.)
